Listen as Dr. Dorothy Hall (left), Mrs. Amanda Arens (right) and Dr. Pat Cunningham (lower left) give you an overview of the Four Blocks Literacy Framework. There is no better offering in Four Blocks than these three experts! Designed for those just starting and for those who have been using the framework. Get the basics you need on Building(K), Four(1-3) & Big(4+) Blocks and learn about each block of the framework: Self-Selected Reading, Guided Reading, Writing and Word Work (Phonics). This conference is excellent for administrators and teachers alike!

The framework shifts in Big Blocks and you need to be ready for the older students. Amanda Arens is considered the leading expert in Big Blocks and will provide you with insights about the Teacher's Guide to Big Blocks (Carson Dellosa) that you need to be successful! Her energetic style will sharpen your focus leaving you charged and ready for the classroom!

Dr. Hall is a co-creator of the Four Blocks Literacy Framework. She has authored well over 40 books on Four Blocks, Building Blocks and Big Blocks. Her latest collaboration with Dr. Cunningham is due out soon from Carson Dellosa, "Teaching Comprehension During Guided Reading". Dr. Hall travels nationally and internationally training teachers. As co-creator of the Framework, she is truly an expert!

Dr. Pat Cunningham is also a co-creator of Four-Blocks® Literacy Framework. As a member of the International Reading Association's Hall of Fame, she is known both nationally and internationally. Dr. Cunningham's publishing career includes numerous research articles, multiple books on the Four-Blocks® Framework and other literacy based subjects as well. Hear Four Blocks straight from the source!

Special Guest Speaker - Ralph Fletcher (right) will join us for a working lunch! Mr. Fletcher is a writer of children's picture books, young-adult fiction and poetry as well as an educational consultant who has also written books for both children and professional educators on the craft of writing. He will share with us his thoughts on writing of which one is; "Here's the secret of writing: there is no secret."
